3. Gas Masks: Soviet gas masks are 2 not issued to Soviet troops but are kept on hand in Army depots.	JA.
and the Army depots.	
Gas Dissemination: In addition to shells, bombs, and airplane	
spray tanks. gas could be sprayed by the use of 2	5X
balloons and by dropping glass containers from airplanes.	•
c. Flame Throwers: nortable and mechanized flame 2	5X
throwers	
. DOSAAF Gas Masks: in Kherson /4640N-3235E 7 in 29	
DOSAAF Gas Masks: in Kherson /4640N-3235E / in 2951. gas masks at the offices of the Volunteer	5 X
Association for Cooperation with Army, Airforce, and Navy	
(Dobrovolnoye Obshchestvo Sodeystviya Armii, Aviatsii, Flota-	
DOSAAF). This organization gave pre-military training in	
rifle marksmanship, parachute jumping, and glider training to	
its members.	
(1) These gas masks _See DIAGRAM A 7 were exhibited in	
cross-section form to all who visited DOSARR offices. The	
gas mask carrier had a pocket containing a light-colored.	
anti-dim pencil made of wax or some similar material and	
kept in a wooden container. It also held one or two vials	
of unidentified liquids to remove mustard-gas droplets.	
	_
In the DOSAAF offices at Kherson, yellow-green 2	5X
trousers, a tunic-style blouse, and a hat. This suit, used as	
an anti-mustard-gas suit, seemed to be made of some sticky	
material similar to wax-cloth. There were also rubber boots and a cellophane gas cape.	
	5X
"documentary proof" from a commission	
there was any ample of a second second	
there was any emphasis on CW training. No gas	
there was any emphasis on CW training. No gas mask was ever issued any gas training alerts; the USSR is	5X1
